CONTENTS

RESEARCH

Correlation between Serum Vitamin D Levels and Severity of Schizophrenia Patients in the Dr. Soetomo Hospital Adil Dinata Simangunsong, Aryati, Azimatul Karimah, Ferdy Royland Marpaung	250 - 256
Audit System for Blood Product Usage in Sanglah General Hospital Denpasar Bali Ni Kadek Mulyantari, Teguh Triyono, Usi Sukorini	257 - 263
Levels of Micro-Megakaryocyte and Mortality of Patients with Myelodysplastic Syndrome Vera Lady Marlina Sitorus, Zulfikar Lubis, Vinisia Setiadji, Herman Hariman	264 - 267
The Difference between Neutrophil Total, Neutrophil/Lymphocyte and Platelets/Lymphocyte Ratio in Normal, NSTEMI, STEMI Patients Elisabeth Setianingrum, Purwanto AP	268 - 273
The Difference Level of Myeloperoxidase in Thrombocyte Concentrate Based on Preparation Method and Storage Duration Fuad Anshori, Teguh Triyono, Tri Ratnaningsih	274 - 278
Analysis of Soluble Fibrin Monomer as Diagnostic Marker for Acute Myocardial Infarction and Its Correlation with Cardiac Troponin I Maimun Zulhaidah Arthamin, Lydiana Parmadi, Dwi Priyadi Djatmiko, Elvin Richela Lawanto	279 - 282
Correlation between Time to Positivity Blood Culture and Procalcitonin on Bacteremia Patient Nelly Elfrida Samosir, Ricke Loesnihari, Adi Koesoema Aman	283 - 289
Comparison of Automatic Starrsed Rs Erythrocyte Sedimentation Rate with Manual Westergren Method Ninik Sukartini, Siskawati Suparmin	290 - 296
Analytical Performance of Procalcitonin Level between Chemiluminescence and Quantitative Immunochromatography Methods in Sepsis Patients Mario, Betty Agustina Tambunan, Hardiono	297 - 302
Analysis of Immature Platelet Fraction and Mean Platelet Volume in Acute Coronary Syndrome Patient Pratia Paramita, Asvin Nurulita, Ruland DN Pakasi	303 - 306
D-Dimer in Hemodialysis Patients Receiving Continuous and Intermittent Heparin Derry Heppy Fritiwi, Harun Rasyid Lubis, Adi Koesoema Aman, Herman Hariman	307 - 311
Correlation of Procalcitonin Level with Sepsis Degrees Based on SOFA Score Citra Novita, Soeprapto Maat, Betty Agustina Tambunan	312 - 317

Analysis of Lactic and Hematocrit Levels of Blood Storage in the Dr. Wahidin Sudirohusodo General Hospital Blood Bank Rysna Wahyu, Asvin Nurulita, Rachmawati Muhiddin	318 - 322
Prevalence and Characteristic Multidrug Resistant Organisms in Intensive Care Unit of Dr. Wahidin Sudirohusodo Hospital Makassar Sitti Khadijah, Irda Handayani, Nurhayana Sennang	323 - 327
Nitric Oxide and Absolute Neutrophil Count Correlation with Outcome in Acute Ischemic Stroke Patients Rina Harlanti, Yuneldi Anwar, Ratna Akbari Ganie	328 - 332
Correlation between Interferon Gamma Release Assay of Elispot Method and Cd4 ⁺ T Lymphocyte Cell Count in HIV Positive Patients Nabil Salim Ambar, Aryati, Tutik Kusmiati, Erwin Astha Triyono	333 - 339
Platelet Leucocyte Aggregates Analysis in Leucodepleted and Non-Leucodepleted Platelet Concentrates Teguh Triyono, Raehanul Bahraen	340 - 342
The Hemoglobin, RDW, and Mean Corpuscular Values in Patients with Beta-Thalassemia/Hemoglobin E Disease and Beta-Thalassemia Trait Vinisia Setiadji, Bidasari Lubis, Adi Koesoema Aman, Herman Hariman	343 - 348
Tensile Strength and Yield Fibrinogen on Fibrin Glue Preparative with and without Freeze Drying Methods Brilliant Margalin, S.P.Edijanto, Paulus B.Notopuro	349 - 352
The Platelet-to-Lymphocyte Ratio on Acute Complication of Diabetes Mellitus Hariogie Putradi, Catur Suci Sutrisnani	353 - 357
The Correlation of Procalcitonin and Myeloperoxidase Index Levels in Sepsis Patients Sri Rejeki Wulandari, Betty Agustina T, Paulus Budiono N, Hardiono	358 - 363

LITERATURE REVIEW

Acute Megakaryoblastic Leukemia Ana Murtasyidah, Yulia Nadar Indrasar	364 - 371
---	-----------

CASE REPORT

Libman-Sacks Endocarditis in A Systemic Lupus Erythematosus Male Patient Fauqa Arinil Aulia, Sidarti Soehita	372 - 378
Thyroid Storm in Pregnancy Rima Hayyu Chrisnanda, Sidarti Soehita	379 - 384
